### 👤 SUMMARY

I am an aspiring Cloud Architect and AI Engineer, passionate about designing scalable cloud infrastructures and developing innovative AI-driven solutions that solve real-world problems.

### 🎓 EDUCATION

**Centurion University**                                     09/2024 - 05/2027
Bachelor of computer application

**NRI international School**                                 2022 - 2024
12th

**DPS Vidyapith School**                                    2021 - 2022
10th

### 👥 EXPERIENCE

**Campus Technology**                                       Bhubaneswar
Web Development Intern                                       06/2025 - 07/2025
Portfolio Company of Times of India Group
- 8.5/10

### 📄 PROJECTS

**LernHub**                                                 06/2025 - 07/2025
Bhubaneswar
Designed a clean, user-friendly UI ensuring compatibility across devices.
- 9/10

### 🚩 KEY ACHIEVEMENTS

- **Deployment & Integrations**
  I have gained hands-on experience through a Web Development Internship at TimesPro and by developing projects such as a Smart Attendance System, a PHP-based tournament website, and a Java-based Student Performance Tracker. My skills cover multiple programming languages and web technologies, with project deployments on Netlify and Vercel, Google Apps Script integrations, and foundational knowledge in AWS Cloud, 3D Game Art, and DSA in C++.
